Camp policies for Tuscarora Scout Reservation

General Policy:

1. The Scout Oath and Law, Cub Scout Promise, Venture Oath and Out Door Code should be followed in Camp at all times.

3. No person or group can use council facilities without prior permission. Coordination must be made with the Camp Ranger or Scout Office in advance.
4. Non-Scout groups are permitted to use council facilities depending upon availability. Use of facilities must be coordinated with the camp Ranger and the Council office. Out of council scout groups will be charged a fee of \$7.00 per person per weekend. Non-scouting organizations or groups will be charged a fee of \$10.00 per person per weekend.
5. All accidents, injuries, fire or unusual circumstances must be reported immediately to the Camp Ranger, Assistant Ranger or Campmaster.

Youth Protection training is required for all BSA registered volunteers.

10. Cutting of trees or changing the terrain will not be permitted by any group unless prior approval is secured by the Camp Ranger. Chainsaws will be operated only by Council Trained/approved operators.
11. Do not leave campfires unattended at any time. No flames or heater in tents or cabins. Fire may only be built in the fire pits/rings provided. Do not move fire rings or pits.
12. Recycling is important to our environment and the Tuscarora council encourages all units to develop a recycling program to be implemented while at camp. Units are expected to deliver recycled cans and plastics to their local recycling center. The remaining trash can be placed in garbage bags and either packed out with the recycling or the trash can be placed next to the road at your campsite for pickup.

17. If anyone notices any unauthorized people in camp, please notify the Ranger or Campmaster immediately.
18. The Ranger, Assistant Ranger or Campmaster has the right to expel any group for serious violations, including refusing to follow accepted rules of behavior.
19. Camp closes at 12 noon on Sunday. All units must be out by that time.

Vehicles operations

21. Riding in the rear of a truck or on a trailer by anyone is prohibited except for activities at an approved council or district event such as hayrides.
22. No vehicles are allowed in campsites, around shelters, in front of gates or along the side of all roads. Park only in designated parking areas by the Headquarters building. When the access gates are open, vehicles can be driven on the road to a campsite or program area to unload, but then must be moved to the parking lot. This is for the protection of campers and to maintain a camp atmosphere. Parking in unauthorized areas can limit access by emergency vehicles if required. Vehicles are not to drive off road to cabins or other buildings.

23. Troop trailers may be parked near the entrance to campsites. No camping trailers or RVs are allowed in camp.
24. Personal Generators are not allowed anywhere on camp Tuscarora. For safety reasons units should only plug one device or extension cords into a receptacle (do not use power strips or other multipliers) Only one extension cord may be ran from the power source. Do not “daisy chain” extension cords to increase the overall length.
25. Vehicles will not be allowed to be used as sources of power in campsites
26. Carts are provided for the use of transporting equipment to and from campsites. These carts are stored behind the Headquarters building. Youth are not to ride in these carts and shall be supervised when using carts. Once your gear is in your campsite please return the cart to the storage area for others to use.

34. Only foot traffic is permitted beyond closed gates. Do not attempt to bypass gates or traffic control barriers. Keep your vehicles on the roads.
35. Helmets are required for all bicycle riders. No bike riding after dark.

38. The Camp Ranger is an employee of Tuscarora Council charged with maintaining our camps and facilities. The Ranger is available to lend assistance to your unit in many areas. Get to know the Ranger – you will find that cooperation will provide many benefits. As conditions warrant, the Ranger has the right and authority to impose additional camp rules, as he deems necessary. All users must follow the Ranger's use of camp or they will be asked to leave. Any issues that arise during your stay should be handled through the Ranger or Campmaster.
39. Any individual may make suggestions or request changes to these policies by submitting them in writing to the council office.
